

Mirror With a Shelf

Two functions, one design.

Mirror With A Shelf does exactly what it says it does, combining a mirror and a shelf to create a multi-functional piece constructed from oak and glass.

The mirror glass and oak shelf section can be easily swapped around, providing the flexibility to have either part on the right or left side, The FSC-certified oak is treated with a water-based lacquer, making it ideal for use in damp environments such as bathrooms.

- Sections can be easily re-arranged
- Constructed from FSC-certified oak
- Treated with a water-based lacquer
