

Specification Sheet

Cabinet

The cabinet can be placed at any height within the system, and still allows for shelves to be placed at either side. The cabinet comes flat packed and consists of two custom shelves, two side panels, back plate, doors and an optional inner shelf.

Tall Cabinet – just like a regular cabinet, but bigger. Tall Cabinets fit seamlessly into the MOEBE Shelving System, and greatly expand the storage capacity by allowing for up to seven internal shelves to be added.

Double Cabinet Shelves – to bring two cabinets together. Whether regular-sized or double-height, you can bring two cabinets side-by-side, combining them with a shared top panel that doubles as its own shelf.

The MOEBE Shelving System. Endlessly adaptable, component-based, and built to last a lifetime.

Cabinet

Outer: 453 x 850 x 350 mm (H x W x D)

Inner: 421 x 647 x 293 mm (H x W x D)

Double Cabinet
