OVERLAP  
PRODUCT FACT SHEET

# OVERLAP

Overlap series stands strong on its overlapping steel legs. Thanks to the rustic wooden planks and the powder-coated steel, the collection has a modern edge and contemporary appeal. Perfect for both indoor and outdoor use.

## SPECIFICATIONS

**Wood:** Western Red Cedar is a good choice for outdoor furniture as the wood is naturally resistant to bugs and insects, mould, decay and bacteria. As it ages and patinates, the wood will only appear more beautiful and rustic over time.

**Metal:** Steel is a strong and timeless material - enabling designs with thin profiles and various patterns and shapes. To minimize corrosion, the steel is electro-galvanized with a protective layer of zinc. Moreover, the steel had received a decorative powder coating - a high-quality and dry finishing process that gives a stronger and more streamlined surface than conventional liquid paintings.
