CLASSIC BENCH IN FINGER JOINTED OAK

The B2 bench by Andersen Furniture is a classic bench in finger jointed oak with elegant, sloping legs and visible joints. The timeless and minimalist design makes the bench perfect for any space, and it is easy to pair with a variety of table styles.

The bench gives any room a more down to earth look while creating more seating than chairs would. The bench is therefore ideal for informal meetings and for canteens/common rooms.

PRODUCT HIGHLIGHTS
