Liuku Pendant Ball

Designed by Maija Puoskari

Thank you for purchasing the Liuku Pendant

Liuku Pendant Ball

FSC® certified linden wood

Designed by
Maija Puoskari

Dimensions
Ø 12 cm H 12 cm / Ø 5" H 5"

Wire lenght
2 m / 78"

Weight
1kg / 2.2 lbs

Round flat metal canopy included

Materials
Solid linden wood, FSC® certified
Black Stained or Matt Lacquered
finish.

Socket
GU10, LED light bulb recommended
(Not included)

Wattage
Max 4W

Maintenance guide

Lacquered or stained wood

Lacquered or stained wood offers a stronger surface than oiling and is also effective when coloured surfaces are desired. Compared to natural or oiled wood, lacquered and stained wood is easier to clean and requires very little maintenance.

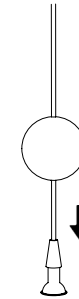

For daily care it is recommended to dust the pendant with a soft cloth. Lacquered and stained wood can be cleaned with a soft cloth wrung in a mild solution of lukewarm water and a universal cleaning detergent. Always follow the wood grains and always dry with a soft dry cloth immediately after cleaning.

Avoid use of abrasive cleaning agents and aggressive cleaning detergents as this will damage the surface of the lacquered or stained wood. Avoid placing wooden furniture in direct sunlight, excessive heat or humidity.

How to change the light bulb

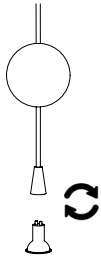

1

Pull the bulb with the cable out of the wooden ball.

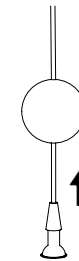

2

Unwind the bulb to replace it with a new one.

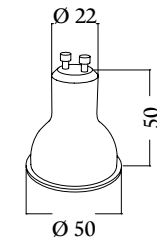

3

Push the bulb with the cable back into the wooden drop.

We recommend GU10 bulb by Philips with the following measurements:

Why LED?

LED lighting reduce environmental impact, resulting in power management solutions that are safe, reliable and efficient. Upgrading lighting to LED not only saves you up to 85 % in energy costs, but also reduces waste going to landfill and greenhouse gas emissions.
