## AC2 CHAIR – A CLEAN LOOK WITH ELEGANT DETAILS

---

The AC2 chair is designed by byKATO and has a clean look, with elegant details. The chair is comfortable to sit in and comes in several combinations of colours and seats, each creating a different look. Choose the black model with a black seat to contrast with the light model with a black or cognac-coloured leather seat, or keep the chair simple with a veneer seat. You can also choose an upholstered seat in a fabric and colour of your choice.

The chair's legs are fitted with anti-slip and noise-absorbing pads which help finish the chair in a rounded, light and floating way.
